Hausarztpraxis Christian Pierau

Dear Hausarztpraxis Christian Pierau.

Thank you for your efforts in supporting Ukrainians during the Russian invasion.

On behalf of the Svitlovodsk municipal council, we ask you about humanitarian assistance for the local hospital. The hospital provides services for the community of 40 000 local residents and more than thousand (1000) internally displaced people which come to our town from different cities that are in the war zone and look for a shelter, medical and humanitarian assistance before their further transit to Western Ukraine or abroad.

In response to the emergency, we have established a coordination center to provide for the vital needs of local people and IDPs.

The coordinator of the center is Natalia Molchanova (+38 096 453 3494, natalia_molchanova@ukr.net).

We are looking forward for the further cooperation with you in any form that you can provide.

Mayor of Svitlovodsk

Andriy MALITSKYI
